#### The Checkmate Advantage

Checkmate is an independent provider of comprehensive payroll services and workforce management solutions. Founded in 1994, we serve more than 500 clients in greater New Hampshire, are growing rapidly, and are actively involved in the communities we serve.

Our staff is readily accessible and very knowledgeable - most have been with the company for at least five years and the remainder have been brought on since then to serve our steadily growing client base.

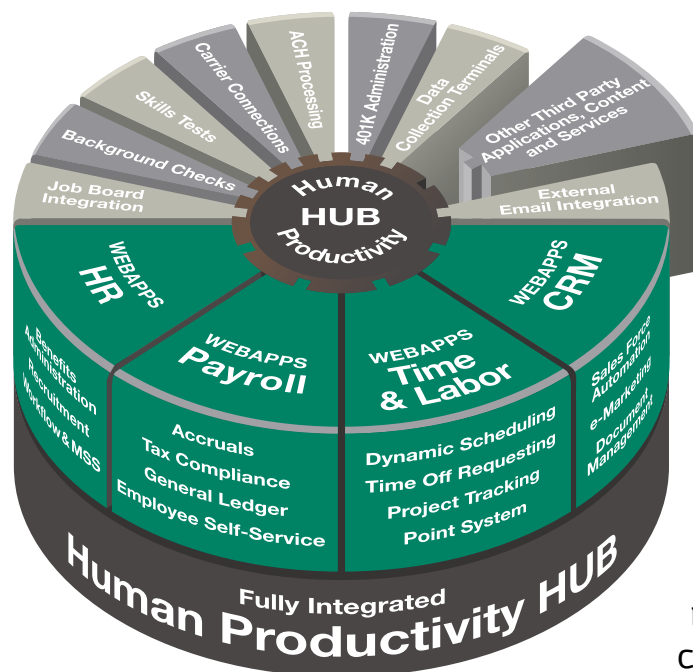

All of our clients work exclusively with one of our CSR's - you will get to know them and they will get to know you - establishing connections between our company and yours, which helps ensure long term client relationships.

We work with organizations of all sizes and provide payroll tax reporting services in any state that our clients require.

#### Workforce Management Solutions

The backbone of Checkmate from a technology standpoint is provided through SaaShr.com, a leading Software as a Service (SaaS) company with a major focus on Workforce Management Solutions. We partnered with SaaShr.com because it is a high-tech organization focused solely on the development of customizable workforce management solutions. There was a clear synergy between our organizations because the partnership allowed us to provide a more advanced solution to our clients for less money than our competitors.

Specializing in payroll and workforce management automation on our end allows our clients to spend more time on their core business, increasing output, and generating more profits.

#### Switching to Checkmate is Easy!

We're completely confident that once you experience the Checkmate difference, you'll wish you had called years ago. Whatever your current payroll situation, switching to Checkmate is simple, fast and more importantly reliable.

*We look forward to working with you.*

#### We are...

- ❖ a local, family owned company.
- ❖ a provider of innovative, web based workforce management technologies.
- ❖ an established company with a well tested business contingencies plan, state of the art data security and SAS 70 Type 1 Certification.

## Member to Member Discount Program

Checkmate greatly values the referrals, testimonials and the word of mouth support we have received over the years from these organizations and their members.

*"With Checkmate, we have that human connection that only an owner operated company can give you. They know their business; I never need to worry about payroll issues, and we get great personalized service too."*

~ Andrea, Bedford Village Inn

## Checkmate in the Community

Checkmate has deep roots in New Hampshire and a tradition of active involvement in the community. This includes participation in several chambers, nonprofit organizations and charities.

By working with us, your money stays in the local economy and pays NH employees, many of whom may also be your customers.

Checkmate helps to enhance our community through our support for many good causes including: Concord Family YMCA, Granite United Way, Families in Transition and Make-A-Wish Foundation of NH.
